

Wish List

One of the largest goals of our Council this year is to improve the chapter house, and therefore increase the use of the house by the chapter members. In order to meet the needs of the sisters, we polled the chapter on the improvements that they would most like to see in the house and compiled a "Wish List". The items on the list range in size, and the chapter members are very appreciative of whatever contribution you are willing to make towards any of the items on the list.

If you can help in any way, please contact us @ nashvillekd@comcast.net

Beta Tau Wish List

L-Shaped Couch for Chapter Room:

During the week, chapter members like to come to the house to do a variety of things, from homework to watching tv. The limited furniture in the Chapter Room does not allow for a large number of girls to enjoy these activities at the same time. An LShaped couch would allow us to maximize our space and allow for more girls to enjoy using the house.

Flat Screen TV for

Chapter Room: The TV currently in the Chapter Room is somewhat outdated and does not allow for a large number girls to see the TV simultaneously. Additionally, the current TV is bulky and takes up a lot of floor space, which could be used to ease the congestion of the room during Chapter. If provided with a new, larger television, our hope is to have more sisterhood activities where the whole house could watch popular shows, such as Grey's Anatomy, together.

Funds/Donations for Landscaping:

The chapter feels that the current façade and landscaping of the Beta Tau house is in dire need of improvement. In years past, House Corps and the chapter members have attempted to plant flowers and landscape in the front of the house, however the current irrigation system does not allow for watering of plants or bushes in the front.

Planting, landscaping and a possible irrigation system have been talked about for improving the exterior of the chapter house.

Carpeting:

The current carpeting in the chapter house is nearing a decade old, which comes as no surprise after glancing at

it! The pattern is outdated, and the carpet is worn down and dirty after years of hundreds of chapter members utilizing the house. Replacing the carpet in the chapter room, stairs, and dining area would greatly update the house, as well as brighten the interior of the house.

Patio Furniture:

The main goal of making improvements to the chapter house is to increase the use of the house by the chapter members. Patio furniture that the sisters could utilize on those frequent sunny, spring days at Vandy would be a great addition to the house. The current metal, worn patio furniture could be replaced with white, wooden furniture that the chapter members would use to study or simply hang out with their sisters.

Disposable Plates, Napkins, and Utensils for Chapter Dinners:

After meetings on Monday nights, the chapter is provided with dinner, which they eat together. Our chapter is ever expanding with the addition of larger pledge classes! If the added cost of plates, napkins and utensils were eliminated (boy can it add up!), Beta Tau would be able to serve better, more enticing dinners.
